

DANE SWENSON

Account Executive

Dane has degree in Business Administration and Minor in Economics from the University of Denver. In his free time, he enjoys hiking and is an avid fly fisherman. When he isn't traveling, you will likely find Dane on the basketball court.

CCC is a national unemployment cost control service provider with offices throughout the United States. CCC's management team has over 250 years of experience. With our full service unemployment cost control service, you can better manage your entire process and dramatically reduce your state unemployment costs.

Dane Swenson began his career in the unemployment compensation industry in 2011 as a Claims Analyst with Corporate Cost Control. CCC quickly learned that Dane's ability to learn quickly, along with his incredible drive and customer service focus was better suited to working with our clients as an Account Executive.

Dane's drive to provide the best customer service experience first became apparent when he was working for the University of Denver, while enrolled as a full time student. Dane began as a greeter and quickly moved through the organization. He ultimately ended his experience with the University of Denver as the Supervisor of Athletic Facilities.

CCC experienced Dane's willingness to dive deep into his work as a Claims Analyst. He was quickly moved into our Hearings Department where he excelled as representing our clients, but his passion for enhancing the customer experience became apparent and he was promoted to Account Executive.

Dane based in Denver and is working with our Western based clients. He also is assisting in introducing other employers to CCC's services and helping expand CCC's customer base by providing educational workshops to single employers and various employers' groups in the Western United States.
