

MOLLY ROONEY

Account Executive

Molly enjoys an active lifestyle playing many sports; including softball. Growing up in New England, Molly is a fan of the Boston Red Sox and Celtics and the New England Patriots. Molly settled in Florida after college and enjoys listening to country music in her free time.

CCC is a national unemployment cost control service provider with offices throughout the United States. CCC's management team has over 250 years of experience. With our full service unemployment cost control service, you can better manage your entire process and dramatically reduce your state unemployment costs.

Molly Rooney began her career in unemployment compensation consulting full-time in 2013. As a member of the Rooney family, customer service and unemployment are part of Molly's DNA. While growing up Molly spent time learning the unemployment industry by working part-time in various departments, including both claims and hearings.

After graduating from Rollins College in 2012 with a degree in Communications, Molly worked in advertising and sales for national organizations. She quickly determined that she wanted to go to work for the family business and in 2013 began working for Corporate Cost Control as an Account Executive. As an Account Executive, Molly is responsible for program analysis, report delivery, client training seminars and client satisfaction.

Molly's goal is simple "insuring that (a client's) entire service team meets and exceeds your service expectations."

The Rooney family has been in the unemployment compensation consulting business since 1965 with John Rooney opening Jon-Jay Associates, Inc. In the 1990s, John's sons Jay and Tim Rooney partnered in managing the business, growing the company to become one of the largest and most successful unemployment compensation consulting companies in the country. Jon-Jay was acquired by the TALX Corporation in 2005.

Feeling that the unemployment compensation consulting industry lacked a strong customer focused partner, Jay and Tim Rooney returned to the industry by acquiring Corporate Cost Control, Inc. in 2009. By bringing a 3rd generation into the business, they are insuring that Rooney family legacy will continue for decades to come.
